

Cessna 208 Caravan

2013 model, based in Seattle, WA (KBFI)

ASKING PRICE

\$2,200,000

This 2013 Caravan is a standout listing with only 1,060 total airframe and engine hours and only 900 engine cycles. The aircraft is equipped with the Garmin G1000 avionics suite, enhanced by an added Garmin GNX 275, plus Boom Beams LED taxi and landing lights. Complete logbooks, AD compliance records, weight and balance documentation, and STCs/337 forms are all available, with no damage history.
